

CURRICULUM VITAE

Name: Kamau David Kahira

Address: Kericho County, Kenya

Phone: 0727649804

Email: kahiradavidkamau@gmail.com

PERSONAL PROFILE

I am a disciplined and self-motivated Bachelor of Business Information Technology (BBIT) student currently studying at Nyeri Campus, with a strong academic foundation in both information technology and business principles. Having grown up in a multicultural environment in Kericho County, I have developed adaptability, cultural awareness, and strong interpersonal skills. As a first-born and a born-again Christian, I possess a strong sense of responsibility, integrity, and ethical conduct. I am passionate about applying technology-driven solutions to solve business and societal challenges while upholding professionalism and moral values.

CAREER OBJECTIVE

My career objective is to secure an entry-level position or industrial opportunity in the field of Information Technology or Business Information Systems where I can apply my academic knowledge, technical skills, and ethical values to support organizational operations. I aim to gain practical experience, enhance my professional competence, and contribute positively to organizational growth while continuously developing my skills in a dynamic working environment.

ACADEMIC BACKGROUND

I am currently pursuing a Bachelor of Business Information Technology (BBIT) at Dedan Kimathi University of Technology, Nyeri Campus, where I have been exposed to a combination of business and technology-oriented courses. My academic training includes programming fundamentals, database management, systems analysis, accounting, entrepreneurship, and information systems management. I completed my secondary education in Kericho County, where I attained the Kenya Certificate of Secondary Education (KCSE). Prior to that, I undertook my primary education in Kericho County, where I acquired foundational academic skills that prepared me for higher learning.

SKILLS AND COMPETENCIES

Through my academic journey and practical exposure, I have developed essential technical and professional skills relevant to the field of Business Information Technology. These include basic programming skills, database handling, systems analysis, and the effective use of computer applications such as Microsoft Word, Excel, and PowerPoint. I also possess strong analytical and problem-solving abilities, effective communication skills, teamwork capabilities, and leadership qualities developed through academic group work and personal responsibilities. My ability to adapt to new environments and technologies has enabled me to learn efficiently and work productively in diverse settings.

INDUSTRIAL ATTACHMENT EXPERIENCE

As part of my academic requirements, I undertook industrial attachment at Faithworks Technology, where I gained practical exposure to real-world work environments. During this period, I assisted in basic IT support activities, observed system operations, and participated in daily organizational tasks. The experience enhanced my understanding of professional work ethics, punctuality, accountability, and teamwork. It also strengthened my confidence in applying theoretical knowledge acquired in class to practical situations.

ACADEMIC PROJECTS AND EXPERIENCE

Throughout my university studies, I have participated in various academic projects that required system analysis, teamwork, and problem-solving. These projects enhanced my understanding of how business processes interact with information systems and improved my ability to conduct research, prepare reports, and deliver presentations. Working on group projects strengthened my collaboration skills and ability to contribute effectively to shared objectives.

LEADERSHIP AND PERSONAL ATTRIBUTES

My leadership abilities have been shaped by my role as a first-born and reinforced through academic and social responsibilities. I am dependable, disciplined, and capable of guiding others when required. I value integrity, accountability, and respect, principles that guide my personal and professional conduct. Growing up in a multicultural environment strengthened my ability to work harmoniously with people from diverse backgrounds and perspectives.

COMMUNITY AND CHURCH INVOLVEMENT

I actively participate in church activities and community engagements, which have contributed to my moral growth and sense of social responsibility. Through these activities, I have developed values of service, compassion, teamwork, and commitment to positive societal contribution. My involvement has also enhanced my communication and organizational skills.

LANGUAGES

I am fluent in English and Kiswahili and have native proficiency in Kikuyu, enabling me to communicate effectively in diverse social and professional environments.

HOBBIES AND INTERESTS

My interests include learning new technologies, exploring innovations in information systems, engaging in self-development activities, reading, and participating in community and church-related activities. These interests support continuous learning and personal growth.

REFEREES

Referees are available upon request.
